

Architectural Design Services for BROWARD COUNTY JUDICIAL COMPLEX

Sector/Market:

Government

Project Details:

- Property Name:
Broward County Judicial Complex (BCJC) Midrise Office
- Location:
540 SE 3rd Avenue, Fort Lauderdale, Florida
- Area : 64000 SQFT
- Timeline : 2015-2018
- Client needed a full renovation of Broward County Judicial Complex in Fort Lauderdale, Florida and achieved the LEED rating of Gold.

Services Provided:

Singer Architects, Inc., a Russell and Dawson company provided integrated architectural design services for the full renovation of a four-floor facility spread over the area of **64,000 SQFT** . The work included full renovation and construction fit out of all four floors of the existing midrise building. The building serves as a critical support facility to courthouse tower and its associated services. This newly renovated complex now facilitates State attorney's office, public defender's offices, broward sheriff's office, a wedding

chapel, clerk of courts, offices for public records and child support enforcement.

Technology Used:

- Revit, AutoCAD, Tekla, Navisworks, Bluebeam

Achievement/Recognition:

BCJC received the LEED Gold (Click Here) Certification on Oct 30, 2018 and achieved full score (5/5) for the innovation in the design category.
